

DIVINITY IS BIRTHED

VICTORIA WARBURTON

THE LYRICS BOOK

HOME

Words & Music – Victoria Warburton

Once
there was a time
when I danced with you

And now
here we stand
United once again

**Home
I am home
So long I wandered from you**

**And I know
in my heart
it's where we all are to be**

So come
hear my Call
You know the same within you

And Rejoice
in every step
that moves you back to your home

**Home
I am home
So long I wandered from you**

**And I know
in my heart
it's where we all are to be**

Home...

**Home
where we belong
It's where we all are to be**

Home
You know in your heart
the seat of your Divinity

Home
where we belong
It's where we all are to be

Home
You know in your heart
the seat of your Divinity

ETERNAL CITY OF LIGHT

*Words & Music – Victoria Warburton
dedicated to Serge & Miranda Benhayon*

Just look around
the city of the moon-light
Just look around
the city of the day-light
And you will see His face
A look that can't be traced
Eternal City of Light
Eternal City of Light

There is a Sun
it shines Eternal
We are that Son
no city ephemeral
Our Home is deep within
A Universe in Him
Eternal City of Light
Eternal City of Light

The towers fall
only ephemeral
His Love for All
Shines Eternal
His face will be seen in All
As each returns to the Call
Eternal City of Light
Eternal City of Light

Just look around
the city of the moon-light
Just look around
the city of the day-light
And you will see His face
A look that can't be traced
For the Son always shines
There is no day and night
Eternal City of Light
Eternal City of Light
Eternal City of Light
Eternal City of Light

WE ARE YOUR INSTRUMENT

Words & Music – Victoria Warburton

**I am Your instrument
You play through me
I am Your instrument
and Your Song sings me**

**I am Your instrument
Your hand on earth
I am your instrument
Divinity is birthed**

For I have walked through fields of testing
and I have found your Love ever true
And as I sit here at Your table
I know this seat You've always held

Awaiting for me to return to Your Arms
and hold all in the Grace that You bestow
For You and I, we're part of the Song
This Song we sing – for all to know

**I am Your instrument
You play through me
I am Your instrument
and Your Song sings me**

**I am Your instrument
Your hand on earth
I am your instrument
Divinity is birthed**

And as I breathe your breath
We are One
The Song of God is known to the core
Through my voice, and through my movements
I sing your Song – for all to come home to

**For we are Your instrument
We are Divinity**

**This is the Truth of us
for all to see**

**We are Your instrument
Your hand on earth
We are Your instrument
Divinity is birthed**

**We are Your instrument
We are Divinity
This is the Truth of us
for all to see**

**We are Your instrument
Your hand on earth
We are Your instrument
Divinity is birthed**

REST DEEPLY, DEAR ANGEL

Words & Music – Victoria Warburton

Rest deeply, dear Angel
be at-one with Him
Let your body surrender
to restore from deep within

For your light is true
There's nothing holier than you
at-one with Him

And the world so needs to know
the purity that is your Soul
at-one with Him

Rest deeply, dear Angel

Honour the space
to commune with Him
You are held in His space
at-one with Him

For your light is true
There's nothing holier than you
at-one with Him

And the world so needs to know
the purity that is your Soul
For you were called here below
to light The Way

Love deeply, dear Angel

Rest deeply, dear angel
be at-one with Him
Let your body surrender
to restore from deep within

For your light is true
There's nothing holier than you

at-one with Him

And the world so needs to know
the purity that is your Soul
at-one with Him

Rest deeply, dear Angel

Love deeply, dear Angel

Rest deeply, dear Angel

Our Love

HEAVEN BENEATH MY FEET

Words & Music – Victoria Warburton

**Heaven beneath my feet
Heaven in ev'ry move so sweet
Heaven, it's in my eyes
Heaven, in my smile**

We are Heaven
The Glory is within
In God's Love
Every One is king

As a child of God I walk this earth
in the knowing of the purpose I serve
That Heaven be beneath my feet
and Heaven in ev'ry move so sweet

Sacred I am
Living the Glory of God's Plan
For Heaven is in my Way
And Heaven is in my sway

And when I meet you I bring all of me
that the fire of we together may be
For Heaven is beneath our feet
and Heaven, in ev'ry move so sweet

Every One an equal part of Him
Born to shine the Kingdom within

**For Heaven is beneath our feet
And Heaven, in ev'ry move so sweet
Heaven, it's in our eyes
Oh Heaven, in our smile**

NO SEPARATION

Words & Music – Victoria Warburton

Being with you
A Love so true
No roles, no rules, no circulation
Only intimacy between me an' you

Moving with you
Our Love so true
A union long designed in Heaven
Brought for all to witness
Holy Sacredness with you

We circle 'round again
No beginning and no end
The form belies no separation
Union has no definition
Each day we begin

Majesty with you
A Love so true
The riches of the Universe
Ignited every single move
In Heaven with you

And we circle 'round again
No beginning and no end
The form belies no separation
Union has no definition
Each day we begin

We circle 'round again
No beginning and no end
The form belies no separation
Union has no definition
Each day we begin

Each day we begin

Sacred Feminine within

MY LOVE (DEVOTION)

Words and Music – Victoria Warburton

You
You are my Love
and I surrender to this
with all that I am

'Cos You
are the ground beneath my feet
the air beneath my wings
to be all that I am

For my Love
precious and true
comes only from You

This Love
I know as my Soul
comes only from You

I
I am the Son
Your Light is my Way
It is all that I am

Yes we
we are His Sons
His air's beneath our wings
to be all that we are

For our Love
precious and true
comes only from You

Our Love
Holy and true
comes only from You

Our Love
Sacred and true
comes only from You

from You
